SCHOOL REPORT.

In presenting our annual report to the taxpayers of this town we are pleased to say that the year just finished has been up to the average. Although we intended to have had several weeks more schooling, on account of unforeseen circumstances we were obliged to close the schools with twenty-five weeks.

We have had to make no change in text books and have only had to buy a few to replace those worn out.

The matter of transportation has been brought down to a very small item compared to what it was a few years ago. Five schools have been maintained during the year at a cost that will show favorably with past years.

Our teachers have been well liked and have each done well in their respective schools. Less complaints have been heard during the last year than for several years.

We are sorry to see that there are still some parents in town who value personal spite more than they do their children's education and it is to be regretted that such is the case.

As a rule, parents have shown a marked interest in the schools and to those we extend our sincere thanks. We gratefully remember the many favors received in the discharge of our duties.

Respectfully Submitted,

CHARLES E. BROWN,
MRS. E. W. COLBURN,
DENNIS R. CHASE.
